

HEART OF ILLINOIS CHORUS VIRTUAL AUDITION PLAN

Step 1: Unless you are attending one of our Guest Nights, simply email a 30-45 second audio or video clip of you singing anything acapella to MusicT@hoichorus.com. i.e.: Happy Birthday. If attending a Guest Night, you will be voice placed at that time.

Step 2: The audition committee (music team) will review, invite you to 3 rehearsals online and make sheet music and learning tracks available for a song. You will be contacted by the Membership Committee with information about the chorus and to gather information about you as a Candidate for Membership.

Step 3: The director will contact you about voice placement (which voice part you will sing)

Step 4: After you attend 3 weeks of rehearsals, working on your voice part on this song, the committee will set up a Zoom meeting to listen to you sing that song singing along with the other 3 voice parts on a parts missing track.

Step 5: Your audition will be discussed by the committee. The committee will decide whether or not to recommend your membership to the management team and then to the chorus.

- The Music Team will pick a recognizable song with all 12 Tracks available on our website.
